

This has continued to be a very challenging year for many IT professionals, with the need to quickly support the hybrid work requirements while dealing with the growing threat of cyberattacks. AES offers intelligent solutions that will help you provide a "cyber-safe" working environment. From ensuring the integrity of the [DNS infrastructure](#) to detecting [mainframe network intrusions](#), we are committed to providing you with the best tools for protecting your critical systems and sensitive information.

From all of us at AES, may your holiday be filled with joy and the coming year be overflowing with all the good things in life.
